

PARENT PORTAL

An online tool that you can use to review your family's information that has been saved with KBS (KBS) and the OGA (OGA). You can update contact information, student information, payment information, and enroll children for swimming lessons at KBS. Gymnastics enrollment is not offered through the Parent Portal at this time.

Once you have a child enrolled in classes an account is created for you which you can access through our websites or at <https://app.iclasspro.com/parentportal/omegagymnastics>. Your username is the email address which you furnished upon enrollment. Upon your first time accessing the Parent Portal please enter your email address and click on Forgot Password to set up your new password. You may then update any contact information

Please note that if you save your payment information to your Parent Portal account you have enrolled in our Autopay Program. Please refer to the section on Autopay within the DISCOUNT section to learn more about this option.
